

## **Columbus Nova Real Estate Acquisition Group and The Real Estate Equity Fund**

have acquired, through a sale-leaseback transaction, the principal manufacturing facility of Metal Systems Inc. (“MSI”) The 164,000 square foot facility, located in Chattanooga, TN, is used in the manufacture and distribution of operating centers that house and protect switchgear and control equipment for the energy sector.

MSI has manufactured this equipment since 1968 and is the market leader in its industry segment. MSI is a closely-held company.

Columbus Nova wishes to thank the management of MSI and Harpeth Capital for this successful transaction.
